US 41 to have lane reductions from Gurnee to Highland Park

CHICAGO – The Illinois Department of Transportation (IDOT) announced that lane closures and reductions will occur along U.S. Route 41 from Gurnee to Highland Park, for a roadway modernization project beginning, weather permitting, Monday, July 6.

In order to complete the work, US 41 will have daytime lane reductions and closures from Illinois Route 21 to Park Avenue West. The scope of work includes construction of shoulders, drainage and guardrail improvements, and traffic signal modernization.

The project will be complete by the end of October.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.

Find details on other construction projects in IDOT's District 1 at <http://goo.gl/upqvZu>. Updates on the impacts to traffic are available at www.travelmidwest.com.
